

Dear parents and guardians,

Many young women are very talented in mathematics and technical and science-orientated subjects and their grades in these areas are often similar to those of the boys. Despite this, incorrect assumptions concerning professions and genders often mean that many young women considerably restrict their choice of career and choose (trainee) careers in which predominantly women work e.g. shop saleswoman, office worker or hairdresser / wig maker. In contrast, apprenticeships or study courses in the **manual, technical and science-orientated fields** are rarely chosen yet these offer significantly **better income and career opportunities and greater opportunity for development**.

The Girls' Day offers your daughter the special opportunity to **gain experience, also practical**, in future-orientated work environments, **strengthen interests, skills and talents** and also discover new insights about herself. Participation in the Girls' Day supports pupils in setting themselves wider goals, taking their own path also beyond the traditional roles, and in choosing from a wide range of more than 200 apprenticeship professions and numerous MINT study courses (= mathematics, computer science, natural sciences, engineering).

For this, around 70 businesses and educational facilities throughout Tyrol will open their workshops and laboratories to pupils for the Girls' Day and will offer an interactive programme. The Girls' Day will give your daughter an impression of the immense **diversity of the professional opportunities** which are open to her which will also act as orientation aid in her successful choice of career.

The Girls' Day on 23 April 2026 will take place for the 25th time in Tyrol and is a **school-related event**. Your daughter will be insured during the time she spends at the company/educational institution of her choice.

Please note

- Pupils do **NOT** visit a company/educational institution as part of a class but, instead, choose a technical, manual or science-orientated profession and then familiarise themselves with this on the Girls' Day.
- Each company/educational institution will offer at least two places on the Girls' Day. Pupils therefore spend the day with at least one other pupil.

How can you help your daughter?

1. Help your daughter choose the technical, manual or science orientated profession she would like to learn more about at the Girls' Day. You can find further information on these careers on the Girls' Day website on: www.girlsday-tirol.at/berufsliste.

Note: Please also note where the company in which your daughter would like to learn more about her chosen field is located as pupils must travel to and from das respective company/educational institution by themselves. Transport will not be arranged.

2. Plan the journey to and from the company/educational facility which your daughter will visit on the Girls' Day together. For pupils who do not have the "Schulticket Tirol" (or other ticket for free use of public transport) the Girls' Day Tirol will offer, in association with the VVT and IVB, **free transport to and from the company**. Your daughter can get her ticket for 23 April 2026 in April 2026 via the Girls' Day Tirol website. **Note:** This is only valid in association with the Girls' Day Tirol participation confirmation which your daughter will receive by e-mail after registering in March. Your daughter will receive all further information on the free ticket in advance.
3. Discuss **your daughter's expectations of the Girls' Day with her as well as any questions** she would like to ask the company/educational facility. Go through the day's schedule with her.

With good preparation you will help your daughter gain confidence so that nothing will stand in the way of a great day full of new experiences and impressions!

Please complete, sign and return the declaration of consent and permission for personal data processing

Guardian declaration

I authorise that

my daughter _____ (first and surname)

born: _____ (date of birth)

resident in: _____ (address)

may participate in the **Girls' Day Tirol on 23 April 2026**

I am also willing to support my daughter in the preparation and follow-up work for the Girls' Day Tirol and will, in case she won't be able to participate (illness), contact a Girls' Day employee on Tel.: 0664-8589724 or e-mail: girlsday@amg-tirol.at.

Photo and data protection information

I agree to being available for

- the state of Tyrol/Authority of the Tyrolean state government as well as
- Tyrolean Arbeitsmarktförderungsgesellschaft mbH (amg-tirol)

with regard to photo/image documentation as part of the Girls' Day Tirol 2026

for photography, filming or as interview partner (oral or written statements) and that personal data (*date, time and place of recording/photo, motion, non-motion images, image number, sound recordings, conversation recordings*) may be collected and processed for PR purposes relating to the above.

I grant

- the state of Tyrol/Authority of the Tyrolean state government as well as
- Tyrolean Arbeitsmarktförderungsgesellschaft mbH (amg-tirol)

permission to publish any photos and associated contributions relating to PR for the state of Tyrol and amg-tirol and that this be made available for Austrian and international media. The transmission of data to third countries (outside the scope of application of the GDPR) cannot be excluded.

As it would not be possible to name all actual recipients as this would be unclear for those involved and would require disproportionate effort and be almost impossible as particularly the further processing by news agencies, for example, make it impossible to name all recipients, the following categories of recipients are named: print media, television and broadcasting companies, news agencies, online media, social media companies.

I may withdraw this declaration stating the exact data processing at any time in writing to the state of Tyrol/Authority of the Tyrolean State Government, PR Department, Eduard-Wallnöfer-Platz 3, 6020 Innsbruck or by e-mail to pr@tirol.gv.at as well as to amg-tirol, Colingasse 12, 6020 Innsbruck , mail: girlsday@amg-tirol.at. The data processing which has occurred up to this point of the withdrawal of consent is not affected by this. Further information on www.tirol.gv.at/buergerservice/datenschutz/ and www.girlsday-tirol.at/datenschutz.

I also have the right to information, correction / deletion of my data by the state of Tyrol as well as amg-tirol as well as the right to lodge a complaint with the data protection authority.

The processed data is stored securely to prevent access by non-authorised parties and deleted by the state of Tyrol/Authority of Tyrolean state government no later than 25 years after completion of the service and by the amg-tirol no later than the time of the withdrawal of consent. (*Further details on duration of data storage and data security*).

If you have any queries concerning your data please contact the Data Protection Officer of the state of Tyrol/Authority of Tyrolean state government on 43 512 508 1870, e-mail (datenschutzbeauftragter@tirol.gv.at) or by post (Eduard-Wallnöfer-Platz 3, 6020 Innsbruck). The Data Protection Officer of amg-tirol may also be contacted on +43 512 58 18 55, e-mail (datenschutz@pilgermair.at) or by post (Maria-Theresien-Straße 7/I, 6020 Innsbruck).

I do **NOT** consent to the publication of photos and film recordings of my daughter taken during Girls' Day Tirol.
